		SPRING 10	

- **Item Code:** FLB0123
- **Pressure Rating:** PN-25
- **Testing Standard:** BS 6755 PART-1
- **Size Range:** 15mm to 25mm
- **Product Standard:** Mfg. Standard

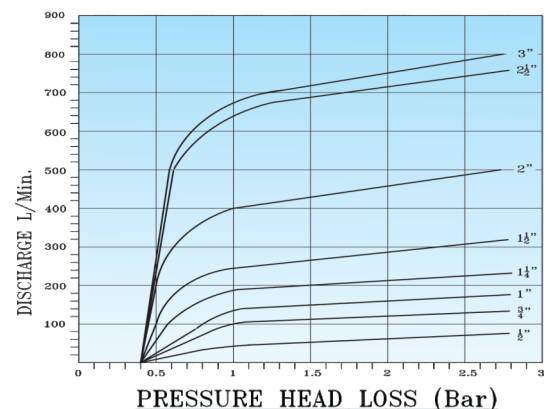

- **Item Code:** GM0123
- **Pressure Rating:** PN-20
- **Testing Standard:** BS 6755 PART-1
- **Size Range:** 32mm to 80mm
- **Product Standard:** Mfg. Standard

DISCHARGE DATA

LAYOUT DIAGRAM

The chart shows the curve at 8 Bar inlet pressure and 3 Bar set pressure. Curves for other settings are similar, the curve shifts slightly to the left for the smaller differential & to the right for a greater differential.

## PRINCIPAL FEATURES

- Screwed Female Ends to BS:21 / IS : 554.
- Spring Loaded Piston Type design provided with high quality Nitrile Rubber "O" ring to have less maintenance cost.
- Provision for pressure gauge is provided.
- Designed to suite precise application requiring accurate pressure rating (pressure drop being less).
- Most ideal for Sensitive & a consistent fluid regulation.
- No external source of energy required.
- Very rugged type of construction leads to low damages and self operating in nature.
- Can be installed in 360 Deg. Rotational Axis.
- Compact Size, easy to install.
- Facility provided to install a pressure gauge of 1/4" BSP size to gauge the critically relevant outlet pressure.
- All 'O' rings are of superior food grade material, hence ensuring absolute zero health hazard.

## END CONNECTION

- Screwed Female BSP Parallel Threads.

## UTILISATION & SERVICE

- "LEADER" Brass / Gun Metal Pressure Reducing Valves are suitable for above-ground installations.
- Best suited for potable water & treated fresh water.

## WORKING PRESSURE

- Maximum Inlet Pressure: 20 Bar to 27 Bar.

## TEMPERATURE LIMITS

- Maximum working temperature: 100°C.

## PRESSURE RATING: PN-25

- Body Test Pressure : 37.5 Bar Hyd.
- Maximum Inlet Pressure : 27 Bar.
- Outlet Pressure Range : 0.5 to 6 Bar.

## PRESSURE RATING: PN-20

- Body Test Pressure : 20.5 Bar Hyd.
- Maximum Inlet Pressure : 20 Bar.
- Outlet Pressure Range : 0.5 to 6 Bar.

## SUITABLE FOR

Water	Oil	Air	Gases
